

Bozeman Swing presents:

# Lindy at the Beall

## CLASS INFORMATION

Classes run 5 consecutive Thursdays beginning **February 25, 2010** at the Beall Park Recreation Center. Our classes focus on lead-follow technique. We do teach moves, but the goal is to learn the tools for improvisation, rather than established patterns. Students get free entrance to the Thursday night dance at the Beall, which starts at 8:00pm.

**Lindy Fundamentals** is ideal for students who have little or no swing dancing experience and want to start learning lindy hop with a solid foundation. This class will get you moving and give you the confidence to execute moves on the social dance floor. 7:00-8:00pm

**Lindy Hop A** reviews the fundamentals of swing dancing and covers the basic 8 count patterns. Knowledge of 6 count swing is required. 7:00-8:00pm

**Lindy Hop B** will focus on charleston for lindy hop. Charleston is one of the basic building blocks of lindy hop and will allow you to dance to faster tempos. Students should be comfortable doing a swing out and transitioning between 6 and 8 count patterns. 6:00-7:00pm
